

Dear MATE Customers,

We are pleased to announce that we will be able to accommodate Segment attendees to our seminars this spring. The Segmented seminars will be in Seattle, and the cost will be \$575 per segment. Each Segment will take approximately 2 days with some minor leeway at the end or beginning of each segment. A rough schedule is below:

March 3rd DP-C all day
March 4th DP-C all day
March 5th DP-A all day (probably some DP-C in the morning)
March 6th DP-A all day

March 9th FV-A all day
March 10th FV-A all day (probably some FV-C in the afternoon)
March 11th FV-C all day
March 12th FV-C all day

If you are sitting for the "Advanced" (DP-A & FV-A) exam and you wanted to attend the two separate segments we should be able to accommodate that as well. You would need to be able to manage the weekend in between those two segments in your trips plans.

You can reach out to us at mateseminars@hotmail.com for pricing and payment details and seminar registration.

Thank you for your interest and please let us know if you have any questions.
