

Announcing the Spring 2021
Design & Pricing Virtual Seminar
 Monday, Mar. 1 - Thursday, Mar. 4

The cost of the seminar is \$1,150.

Additional information is provided on the back of this sheet and at www.mateseminars.com.

What the seminar offers

- ◇ The focus is on exam-type questions, with the primary emphasis being on math questions
- ◇ A large set of practice problems is provided, including both original problems and exam problems from past FSA exams that apply to the current syllabus
- ◇ The instructor offers his support for the entire exam season, by being available to discuss questions that arise before and after the seminar
- ◇ An explanation of how exams are graded
- ◇ Suggestions on successfully preparing for the exam and answering the different types of exam questions
- ◇ A review of the case study and all syllabus readings
- ◇ Summary lists of past exam questions, indicating the source of the SOA's illustrative solution
- ◇ Non-math questions from past FSA exams are listed in the seminar outline provided, to illustrate topics that have been tested in the past and how those questions were worded
- ◇ Ability to watch recorded videos of the seminar you attended
- ◇ Access to several pre-recorded chapters and practice problems before the seminar
- ◇ Computer based testing strategy

Dustin Conrad
FSA, MAAA, MS

Dustin has a vast array of work experience in benefits consulting, health insurance actuarial departments, experimental design statistics consulting and teaching.

Dustin enjoys discussing how math and models combine to explain occurrences in our everyday world. He has earned a master's degree in the fields of Actuarial Science and Statistics. He is in his fourth year of teaching with MATE Seminars, and teaches all three of our Group and Health exam prep seminars.
